

Reminder of the Hygiene Rules for Your Visit:

If you have Covid-19 symptoms (fever, cough, respiratory trouble, sudden loss of smell or taste, or other associated symptoms), please postpone your visit to our museum.

Please ring the bell and wait outside upon arriving. A member of our staff will invite you to come inside and direct you toward the ticket counter.

Please make use of our hand sanitizer gel before starting your visit. Wearing a mask is recommended.

Please respect the direction of the visit and keep a distance of two metres from other visitors and staff.

If you should have to sneeze or cough, please do so into your elbow, or into a tissue or handkerchief. Trash bins will be available along your route if needed.

Please pay special attention to our new signage. Certain areas of the Écomusée could be closed to the public.

Please do not touch the display cases and display stands.

Please inform our staff if you aren't feeling well or begin to experience symptoms during your visit.

Special Measures:

Please note that our cloakrooms will not be accessible and only one person will be allowed in a bathroom at a time.

Please note that all of our installations are washed and disinfected daily. Our terminal is disinfected between each client.

Our staff will have suitable equipment to ensure the protection of all.

Maximum number of visitors: 40

Payment Method:

Contactless payment with credit card or debit card is preferred. Nevertheless, money will also be accepted.
